## SUMMARY

Senior Software Developer and Technical Lead with over 5 years of experience in developing and scaling enterprise applications. Currently pursuing a Master's in Data Science at the University of Europe for Applied Sciences. Proven expertise in **Full-Stack Development**, **Cloud Architecture**, and **Technical Leadership**. Specialized in **Node.js**, **React.js**, **TypeScript**, **Microservices**, and **Cloud Technologies**. Successful leadership of teams and implementation of technical strategies for developing scalable and maintainable software solutions.

### Core Competencies:

Full-Stack Web Development, Microservices, TypeScript, React.js, Node.js, CI/CD, Cloud Solutions, Agile/Scrum, Technical Leadership

## PROFESSIONAL EXPERIENCE

### Senior Software Engineer

Cloud Station LLC FZ (Dubai) - www.cloud-station.io

Oct 2022 – Aug 2025 | Remote

- **Architecture of Microservices and Development of Web & Mobile Applications** using Node.js, React.js, Next.js, TypeScript, React Native, Nats, Docker, Hashicorp Nomad, Kafka, PostgreSQL and, ...
- **Building enterprise solutions** at Cloud Station LLC FZ (Dubai), including payment and subscription systems. Also developing an automated service for one-click deployment.
- **Technical Team Leadership**, Implementation of **Code Quality Standards** and Best Practices
- **Architecture and Strategic Planning** of Microservices and Cloud Infrastructures
- **Leadership and Mentoring** of an international development team with focus on **Agile Methods** and **Continuous Integration/Deployment**

### Senior Full Stack Developer

Listoli LLC, USA

Oct 2022 – Dec 2023 | Remote

- **Design and Optimization** of PostgreSQL databases for e-commerce systems
- **Development of RESTful APIs** and microservices using NestJS and Next.js
- **CI/CD Automation** with GitHub Actions and Google Cloud Platform

### Full Stack Developer

Click.af, Kabul

Jun 2021 – Sep 2022 | On-site

- Development of Web and Mobile Applications using React.js, Node.js, Next.js, React Native
- Integration of Vendor API for efficient order and payment management
- Implementation of E-commerce Features and user interfaces

### Full Stack Developer

BlueBit Networking Services, Kabul

Feb 2021 – Jul 2021 | On-site

- Development and Management of high-traffic web applications using Python, Django, React Native, MySQL, and React.js
- Development of Petition Management System for the Ministry of Defense focusing on process optimization and workflow improvement
- Workflow Optimization and usability enhancement of developed systems

## TECHNICAL SKILLS

### Programming Languages:

Node.js JavaScript TypeScript Python  
PHP Go Java

### Frameworks & Libraries:

React.js Next.js Node.js NestJS  
Express.js React Native Django  
FastAPI Flask Laravel

### Databases & Storage:

PostgreSQL MongoDB MariaDB MySQL  
Redis Elasticsearch

### Cloud & DevOps:

AWS GCP Docker Kubernetes  
CI/CD Git GitHub Actions Nomad

### Architecture & Methods:

Microservices RESTful APIs GraphQL  
Event-Driven Architecture Agile/Scrum  
TDD DDD Clean Architecture  
SOLID Principles Design Patterns  
Object-Oriented Programming  
Functional Programming

## LANGUAGES

Dari **Native**  
English **Fluent (C1)**  
German **Basic (A2)**

## Junior Web Developer

IAP, Kabul

Feb 2020 – Apr 2020 | On-site

- Development of MOEC Socio-Economic Provincial Profiles Digitization System in collaboration with Tetra Tech
- Web Development using PHP Laravel, MySQL, HTML, CSS, Vue.js, and JavaScript
- Support and Maintenance of existing websites, bug fixing, and optimization
- Hands-on Experience in software development, debugging, and performance optimization

## EDUCATION

### Master in Data Science

University of Europe for Applied Sciences

March 2025 – February 2026

- **High-Quality Master Program** focusing on cutting-edge technologies and methods
- **Core Subjects:** Data Science, Data Engineering, Data Analytics, Machine Learning
- **Specialization:** Cloud Computing, Decision Support Systems
- **Additional Qualifications:** Entrepreneurial Thinking & Digital Business Models

### Bachelor in Computer Science

Kabul Polytechnic University

March 2016 – August 2019

- Graduated with second place in class
- Mentoring and support of fellow students in programming and algorithms
- Focus Areas: Software Engineering, Databases, Networks and AI

## KEY PROJECTS

### Cloud Station Platform

**Enterprise-Grade Cloud Deployment Platform** enabling rapid application deployment and multi-cloud management. Implementation of centralized interface and automation with focus on security and scalability.

Multi-Cloud CI/CD Infrastructure as Code Security

[www.cloud-station.io](http://www.cloud-station.io)

### Tara Solutions Cloud

**Digital Transformation Solutions Provider** offering comprehensive cloud, web, and mobile solutions. Implementation of enterprise-grade infrastructure with focus on scalability and security.

Cloud Solutions Web Development Mobile Apps DevOps AI Integration

[www.tarasolutions.cloud](http://www.tarasolutions.cloud)

### Plant Disease Detection System

AI-powered deep learning system for plant disease detection using Raspberry Pi and camera for real-time diagnosis.

Deep Learning Raspberry Pi Python Computer Vision

## AWARDS

### Certified Micro Developer

Certified by micro1.ai - World's best AI Recruiter for technical excellence and software engineering expertise

### Asia Kabul Regional ACM/ICPC Competition 2018

3rd place among 40 teams

### Duolingo English Test

Score: 120 out of 160

## SOFT SKILLS

Leadership Team Management

Problem Solving Communication

Time Management Adaptability

Critical Thinking Project Management

Mentoring Strategic Planning

Cross-functional Teamwork

## COMMUNITY CONTRIBUTIONS

### Roshanayee.com

Founder and lead instructor of an educational platform for programming and technical knowledge. Development and delivery of courses for the general public.

[roshanayee.com](http://roshanayee.com)

### YouTube Channel

Active content creator focusing on technology, programming, and software development. Regular publication of tutorials and technical explanations.
